

Trees for the Future

*Presents this
Certificate of Tree Planting
in Honor of*

Celia Mclay

10 trees will be planted on your behalf

This village project is being implemented to save the homes and way of life of people around the world, devastated by deforestation and, increasingly, global climate change. This certifies the planting of 10 trees. These fast-growing, permanent, beneficial trees will help to protect these fragile and eroded lands and assure that families can continue to live in dignity and in harmony with the natural resources of their lands.

A handwritten signature in black ink, appearing to read "Paul".
