Dear Green Van Lines,

I am writing to express my sincere appreciation to your entire team for coming to the rescue of *Extreme Makeover: Home Edition- Mineola, Texas*. It impresses me beyond words that after a last minute call for help; you would sacrifice your time, materials, and supplies to make a difference for a stranger. I want to specifically thank Levi Meyer for all the effort he put into helping us find the truck and supplies, along with the team that came to help move the Carr family out! Thank you!

We are a show about community, giving back to others and helping change lives. But, we could not do what we do without the support and dedication that your team showed to help bring the Carr Family home. The good will and community spirit generated by your team make the impossible possible.

We hope that you will tune in to *Extreme Makeover: Home Edition* on Sundays at 8pm on ABC to see your team's contribution. The Carr Family Episode will air on May 9<sup>th</sup>, 2010.

On behalf of the cast and crew of *Extreme Makeover: Home Edition*, thank you for joining with us in changing lives and helping families.

Sincerely,

Nick Harder  
Assistant Production Coordinator
